KK

SUMMARY

I am a results-driven frontend developer dedicated to delivering exceptional user experiences. Proficient in HTML, CSS, JavaScript, and Bootstrap, I have a keen eye for design and strive to stay current with the latest web development trends. My experience includes teaching and collaborating on projects, reinforcing my strong commitment to continuous learning and growth.

EXPERIENCE

Volunteer youth coding instructor

Volunteer youth coding instructor

📅 01/1970 - 01/1970

Volunteer position focused on teaching coding to youth.

- Taught block-based programming to over 700 primary and secondary school students, promoting coding literacy and problem-solving skills.
- Utilized Scratch programming language to teach fundamental coding concepts, such as loops, conditionals, and variables.

Collaborator

Collaborator

📅 01/1970 - 01/1970

Collaborative project work focused on web application development.

- Contributed to the development of a web application for a van life community, utilizing React, CSS, and JavaScript to create a responsive and user-friendly interface.
- Worked with a team to design and implement a database-driven backend, resulting in a 50% increase in user engagement and a 20% increase in community growth.
